THE REPORT

OF THE

PRESIDENT OF QUEEN'S COLLEGE, CORK,

FOR

THE SESSION 1892-93.

TO THE QUEEN'S MOST EXCELLENT MAJESTY.

MAY IT PLEASE YOUR MAJESTY :

I have the honour to submit a Report on the condition of Queen's College, Cork, for the Session 1892-93.

The number of students attending the College during this period was 243, of whom all, with the exception of 3, were matriculated. The number of new students was 67. Of these 51 came from the Royal University of Ireland, 11 from other Colleges and Universities.

The deficiencies so often pointed out in the educational appliances of the College, especially in the departments of Chemistry, Natural Philosophy and Natural History, still exist. The Library has long ceased to be adequate, either for the number of students using it, or for the quantity of books it is expected to contain.

The College was honoured on the 4th of July by a visit from Your Majesty's Lord Lieutenant-General. As the visit took place during vacation, it was not possible to receive His Excellency in the manner in which, at a more favourable time, the College would have been prepared to welcome Your Majesty's Representative. The College is deeply indebted to His Excellency for permission to acquire a piece of land which will prove to be a valuable addition to our Botanic Garden.

The usual statistical information will be found in the Appendix.

And I have the honour to be

Your Majesty's most obedient servant,

JAMES W. SLATTERY.

Queen's College, Cork,
August 25, 1893.
